Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A *"BUYERS' GUIDE SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *STATISTICAL and HISTORICAL STORY* of your city; plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1963 edition of the Newton City Directory.

Confidence in the growth of Newton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newton to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newton Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Newton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newton, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department on green paper. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE GUIDE the fourth major department is included on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newton.

The Newton Directory Library

Through the courtesy of the publishers of the Newton City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

A Few Historical Facts

As early as 1631 Newton was settled and fortified. In those days Newton consisted of a large tract of land with a dwelling here and there, a most modest settlement, but the foundation, never the less, upon which rests the beautiful progressive city of today. King's Handbook of Newton states "the domain northward of the Charles was acquired from the Indian queen, the squaw-sachem, Nanepashemet's daughter, one of her prerequisites being a new coat each winter as long as she lived."

Newton was incorporated a town in 1688 being called New Cambridge until 1692; and having outgrown town government by 1873, was chartered a city in that year.

During the war with the Indians the men of Newton left their homes and families and fought with the rest of the settlers. There is a stone in Nonantum, known as the Elliot memorial, which bears this inscription: "Here at Nonantum, Oct. 28, 1624, in Waban's Wigwam near this spot, John Elliot began to preach the gospel to the Indians. Here he founded the first Christian community of Indians within the English colonies."

During the period of the Revolutionary War, the men of Newton rose with the other men of Massachusetts and shared the hardships that the crude army led by the great George Washington endured. And so history repeats itself down the ages. There are many beautiful monuments and ancient landmarks, silent tributes to the men who so nobly answered the call to arms, from the early days when the settlers fought with the Indians thru World War II.

Interesting Facts Regarding City

It is interesting to note just what Newton stands for to residents in other parts of the country. With its beautiful long avenues, its long lanes leading into beautiful wide parks, its streams and hills, its lovely gardens and artistic residences, it stands for prosperity and success. It signifies elegance and beauty, rather than fashion and display.

Population

The U. S. Census Bureau has established that the 1960 population of Newton was 92,384. The 1962 population could be estimated at 93,500. This

shows a tremendous increase within the past decade. The steady stream of people who come to Newton yearly to make their homes here are of the thrifty, desirable sort, good citizens who soon blend into the social and civic life and share the pride of their neighbors in their adopted city.

Administration

The administration of Newton's city government is in the hands of safe and conservative executives, honest public-spirited citizens who have the best interests of the people at heart and in their minds. This is manifested by the high standards of administration which this city has always experienced.

Newton has a police department of 200 employees, giving it protection at all hours of the day and night. The fire department with 238 permanent men is always ready at hand to meet every emergency. Within recent years, all new modern fire apparatus has been installed.

The Public Library

Another important factor which cannot be disassociated from the school room is the Newton free library. This was organized in Sept, 1869, and received the property of its sponsors, the Newton Library Association. In 1875 the stockholders of the association transferred the entire estate to the City of Newton. The location of the building is on Centre Street, the ancient main thoroughfare of the town. The Newton Library contains 268,085 reference books of all periods, and is continually adding to the collection. There are valuable reference books of all periods, as well as works of old and new fiction. There are also many beautiful and rare prints. There are now branch libraries in ten sections of Newton, the most recent one being that established in Oak Hill Park.

Church and Social Activities

Church influence is strong in Newton, many social and welfare activities also centering in the church organizations, of which there are forty-two in the city. The first church was organized in 1633.

There are over one hundred forty clubs and fraternal organizations in the city, a Federation of Woman's Clubs, Kiwanis, Lions, Rotary and the Newton Chamber of Commerce, Inc.

Growth

History shows that the different parts of Newton have made rapid strides in development. In 1860 Nonantum Hill had only the Ricker family on its massive western shoulder. The greater part of it consisted of scrub oak, a lonely and desolate tract of land. Early in 1800 Newton Lower Falls was a tranquil little village with but ten resident families. A little later the village of Newton Highlands was not much more than a crossroad settlement in a region of farms. Nearby were shops of the blacksmith and wheelwright. But today Newton is a great modern city teeming with activities, ever growing, ever expanding.

Business Activities and Opportunities

Although Newton is widely known as a residential city, it has various manufacturing activities. In Newton there are machine shops, and factories engaged in electronics, the manufacture of fire alarm systems, silk, worsted, plastics, paper boxes, railway signals, knit goods, etc.

Information regarding manufacturing opportunities, business facilities and residential advantages will be supplied on request by the Newton Chamber of Commerce, Inc., 437 Cherry Street, West Newton 65, Massachusetts.

Trust Funds, April 1, 1949

Kenrick Fund, \$4,000, income for needy and worthy poor of Newton.

Read Fund, \$40,000, income to be expended as follows:

Annual picnic or sleigh ride for children of the village of Newton Corner, not to exceed \$400; for free lectures on scientific subjects for the village of Newton Corner, not to exceed \$800; for books for Newton Free Library at Newton Corner, not to exceed \$600; balance of income to poor widows in any part of Newton.

Income to be used in whole or in part to stimulate in the pupils of the public schools of Newton the study of American history, especially the early history of Massachusetts and the beginning of New England, by the offer of a prize or prizes annually for essays written by the pupils of the public schools in Newton for the current year in which such prizes are offered, and upon such subjects as may be appointed.

John C. Chaffin Educational Fund.

The income of said fund shall be paid out by the City Treasurer as directed by said Trustees in expenditure for the benefit of graduates of the Newton High School or of any school of a similar standard that may be established in said Newton, who have a thirst for knowledge and are anxious to obtain the benefits of an education at a college or the Massachusetts Institute of Technology, but are financially unable to do so.

The Horace Cousens Industrial Fund, July 1, 1947, \$1,000,000.00.

The income of said fund shall be loaned out by the City Treasurer by application approved by the board of Aldermen to residents of Newton enabling them to own their own homes at a rate of interest 25 per cent less than the current bank charges.

The Elizabeth Spear Fund, \$340.

The income to be used to provide Christmas Cheer for the inmates of the City Farm.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

**Do your employers furnish you with
the latest edition of the City Directory?**

**You need it at your elbow at all times, to protect your
company from forgers and bad-check artists. A few ques-
tions, checked against City Directory information, will
trip them at once. Intelligent use of the City Directory for
this purpose has saved thousands of dollars and helped
make some cities "too sharp" for bad-check "operators."**
